For proven performance that goes beyond comparably priced products, professionals count on **A-100® Exterior Latex Paint.**

#### Great for routine color changes

The efficient coverage of A-100® keeps exterior surfaces looking fresh, making it a great choice for routine color changes year after year.

#### Engineered to last

A-100® offers advanced adhesion with capabilities to resist frost, fading, chalking and dirt. The 100% acrylic formula also ensures excellent hide and color retention for tough dependability.

#### Excellent year-round

Extend your painting season even in cooler climates without sacrificing adhesion and durability. A-100® is suitable for application in temperatures as low as 35°F.

#### Multiple finishes and colors

Available in a wide range of colors, the high-performance formula of A-100® provides outstanding color retention in a flat, low sheen, satin or gloss finish, plus alkyd and latex primers.

**Industry-leading innovation from a name you can trust.** Many hours of field testing, years of research and decades of experience go into developing coatings that are better for your business. Sherwin-Williams has been committed to quality for more than 150 years and has a complete line of extraordinary paints and stains, plus rich, beautiful colors to set your work apart.
